## Quotes From The News

By UNITED PRESS INTERNATIONAL

WASHINGTON — Defense Secretary Robert S. McNamara testifying that an end to U.S. bombing in North Vietnam might be interpreted as a sign of weakness.

"In any case there are Asian leaders of other nations not involved militarily in South Vietnam who have recommended we not stop the bombing, who say that such action would be misinterpreted."

TOKYO — A broadcast from Peking Radio stressing the Red Chinese hard line attitude toward negotiations in South Vietnam.

"As long as the U.S. forces still occupy South Vietnam, no matter whether they stop bombing the North or not, the U.S. continues to be the aggressor and that even includes if the U.S. stops the bombing of North Vietnam forever."

WASHINGTON — Sen. J. William Fulbright calling for an investigation of Central Intelligence Agency (CIA) activities and questioning the effectiveness of the three man panel set up by President Johnson, which includes the head of the CIA.

"It is like asking Mr. Joe Fowler (treasury secretary Henry H. Fowler) to investigate the Treasury."

WASHINGTON — Former White House Press Secretary Bill D. Moyers commenting on the credibility gap between the Johnson administration, the press, and the people.

"In my judgment the credibility gap, as it is called, is due primarily to the ambiguity, the dilemma, the difficulty and the complexity of the Vietnam war."

## A Bible Thought For Today

The Lord is righteous: He hath cut asunder the cords of the wicked. — Psalm 124:4.

Faith in Jesus Christ gives us the strength to overcome the temptations we meet continually.

## The Rest of the News

### The Almanac

by United Press International  
Today is Monday, Feb. 20th, the 51st day of 1967 with 314 to follow.

The moon is in its first quarter. The morning stars are Mars and Jupiter.

The evening stars are Saturn, Jupiter, Venus and Mercury.

Those born today are under the sign of Pisces.

British author George Du Maurier was born on this day in 1834.

On this day in history:

In 1860, the Supreme Court ruled that the power of the federal government is no greater than that of any individual state of the union.

In 1872, the Metropolitan Museum of Art in New York City was opened to the public for the first time.

In 1933, Anthony Eden resigned as British Foreign Secretary to protest the "appeasement" policy of Prime Minister Chamberlain toward Nazi Germany.

In 1962, astronaut John Glenn landed safely after three orbits of the earth.

A thought for the day — American novelist Hermann Hagedorn once wrote: "Down the fair-chambered corridor of years, the quiet shutting, one by one, of doors."

## Lakers Handed Worst Defeat Of The Season

By GALE GARRISON

The Lakers of Calloway County were handed their worst defeat of the season Saturday night as they regarded Paducah Tighman won by the score of 64 to 37.

Both teams came out in a slow deliberate type offense with Calloway taking the first period lead, at 7-4, after Paducah had led twice, at 3-0, and 4 to 2.

Tighman hit a hot streak in the second quarter and outscored Calloway 9 to 2 in the first four minutes of play. The Lakers held their own for the rest of the quarter and Tighman led 20-15 at the midway rest period.

After two minutes of play in the third quarter, and the Blue outscoring the Lakers 6 to 0, Coach Roy Cochran called time out and sent the Lakers into an all court press which wasn't much help as Tighman picked up another 13 points to Calloway's six points before the end of the third period.

Tighman continued to build up their lead for the first four minutes of play until they led by 27 points, 34-7, with 4:04 left in the game. In that last four minutes of play the Lakers were able to match baskets with Tighman and the game ended with the same 27 point margin at 64-37.

Rickey Ragland walked off with game honors scoring 24 points. Charles Hamilton scored 16 and Eddie Garrett added 15 for Tighman.

Calloway only had one player in double figures. Clayton Hargrove scored 11 points.

The Lakers chose out their season with Tighman, Tuesday night at Jeffery Gym.

Calloway 7 15 21 — 37  
Tighman 4 20 39 — 64  
Calloway (37) — Siler 5, Hargrove 11, Cunningham 9, Key 8, Armstrong 3.

TIGHMAN (64) — Ragland 24, Garrett 15, Hamilton 16, Porter 5, Wall 4.

## UT Assumes Position To Take Title

KNOXVILLE (UPI) — Aiming for its first Southeastern Conference basketball title in 24 years, the University of Tennessee assumed a commanding position in the tense SEC struggle Saturday night by stopping ninth-ranked Vanderbilt 70-53.

Both expected to finish in the middle of SEC standings pre-season ratings the cross-state rivals played before one of the largest crowds ever to see a basketball game in Tennessee—about 13,000.

Tennessee, 13th ranked and the nation's leader in defense, never trailed.

Sophomore Bill Justus led the Vols scoring with 17 markers, while Tom Hendrix and Tom Boerwinkle collected 14 each.

High for Vanderbilt was Bob Warren with 16 points, while reserve guard Kenny Campbell chipped in with 13.

Tennessee led by as much as 22 points with a little over three minutes left to play. It now has a 12-2 SEC record with four conference games left, three of them away. They include Auburn, Alabama and Mississippi State away and LSU at home.

Vanderbilt, second placed, is now 16-3 in the SEC with one more game away, Mississippi State, and four home games, Alabama, Georgia, Kentucky and LSU.

Earlier Saturday, the Tennessee Frosh team beat the Vanderbilt Frosh 85-58.

The family of William B. Stokely Jr., University of Tennessee alumni benefactor, was honored at pre-game ceremonies. The former president of the Stokely-Van Camp Inc. and chairman of the board of directors at the time of his death last October, Stokely presented UT with gifts totaling about \$600,000 with a single gift of near \$500,000 for the expansion of the UT Fieldhouse.

DAYTONA BEACH, Fla. (UPI) — Ralph Laatham drove his 1966 Plymouth to victory in the injury-marred ARCA 250-mile stock car race SALSUDRY, Md. (UPI) — Charley Pasarell defeated Arthur Ashe, Richmond, Va., 13-11, 6-2, 2-6, 9-7, to successfully defend his U.S. indoor singles tennis title.

## Time Out

By

GALE GARRISON

The drawing of the Fourth District Tournament last Monday night created a first. This is the first time that all the Marshall County teams have been in one bracket and all the Calloway County teams have been in the other bracket.

In the past there has always been at least one of the teams from each county in the other bracket from the other county teams. It looks like there will be a team from each county in the Regional.

Everyone seems to think that North and Calloway are a shoo-in, could be. If they are in the finals it should be one of the best games of the tournament. Calloway defeated North in the Paducah Christmas Tournament, and the Jets have defeated the Lakers in the two regular season games since.

I have been right twice. Sammy Housden does hold the record for the most points scored, and Don Curd isn't very far behind.

Sammy scored 46 points in one game, and Don scored 34.

Susan Easterly

Gail Erwin

Don has the best shooting percentage for one game as he hit 15 of 16 attempts from the field, and 4 of 4 from the free throw line against Cuba in 1962. This was the same year that Sammy scored the 40 points.

Stan Key is now second in scoring with the 36 points he scored this year.

Now about that other time I was right, I don't remember when it was, but I do know I was right, I think.

Lee Smith is always saying that she doesn't talk very much, well she might not talk much if she wasn't always trying to tell people how little she talked. As proof of her speech capacity, she only writes about a tenth of what she says and you know how long her column is.

So far this year just about everyone has been honored in one way or another. The Cheerleaders have had their picture in this column, I have said something about the team managers, the scorekeeper, etc. The fans are to be honored tonight, and I even said something nice about the student.

## Racers Come Back To Down Tennessee

The Murray State Racers were trailing by four points at half time, but came back and forced East Tennessee into a double overtime and won their seventh OVC game of the season, 88-86.

The Racers only led once in the first half at 2-0, and trailed by as much as 11 points, before cutting the Bucs lead to four points at the intermission.

Murray tied the game for the first time with 13:50 left in the second half, at 45 all. Herb McPherson hit a jumper to give the Racers their first lead since early in the game.

McPherson again scored with 1:10 left in the game and tied the score at 75-74. East Tennessee waited for a last second shot, but was unable to cash in on it, and the game went into the first overtime.

Each team scored six points in the first overtime and the game entered it's second overtime at 82 all.

Rick Haverstock went to the line with six seconds left in the second overtime and the Racers leading 87-84, and sank a free throw. Murray then stepped back and let East Tennessee have the last shot as the horn sounded.

Murray had four players in double figures led by Herb McPherson with 21 points. Billy Chamber added 19, Dick Cunningham 15 and Rick Haverstock 11.

Game honors went to Harley Swift with 28 points. Lefty Fisher added 18, and Richard Arnold added 16.

The Racers will be at Tennessee Tech tonight to play the Golden Eagles, and then return home Saturday night to play Western.

Murray (88) — McPherson 21, Haverstock 11, Cunningham 15, Duncan 2, Stokess 8, Lambert 4, Miller 6, Moran 2.

East Tenn. (84) — Fisher 18, Ward 9, Simms 6, Swift 28, Arnold 16, Wilson 2, L. Wood 4, T. Wood 3.

fans, after they started to yell and support their team as they should.

But no one has said anything about the Calloway County Band, and I think it's about time someone did.

This is not the largest band in Kentucky, but even if it is small in numbers, it by no means is small in talent or in spirit. This band has improved tremendously since they first formed back in 1960. Mr. Robert Singleton deserves a lot of credit for their advance.

There are many times that this group is having to work during half time when everyone else is out running around drinking cokes and eating popcorn. They also take their turn at selling the drinks and eats at the concession stand, and miss much of the game.

The next time you see Mr. Singleton or one of the band tell them you appreciate them and like the way they play.

Remember they must put in long hours of practice also.

## Test Soil Early This Spring, Urged

C. E. Wyatt, Area Agronomy Specialist in the Purchase Extension Service, urges farmers to have their soils tested just as soon as their land is suitable for collecting soil samples.

February and March are good times to bring soil samples to the County Area Extension office. Farmers who submit soil samples during these months will get prompt service. Those who wait until just before fertilizing and planting time may have to wait several days or a few weeks for test results.

Farmers should get their soil test results and place their orders for fertilizer well in advance of planting time. This insures that fertilizers will be on hand when needed.

The results of a soil test are no better than the samples taken, says Mr. Wyatt. Farmers should be sure the samples taken represent the field or area to be treated. Get Extension Leaflet No. 139, entitled "How To Take Soil Samples" at your Area Extension office.

Samples are beginning to come in for testing at the Calloway County Extension Service Office as farmers make plans for spring top-dressing and for their spring crops. Samples will be tested at least once each week, according to local Extension Agents, or more often if a large volume of samples accumulates.

Custom collecting, storage and service available for practical farms.

## Poison Control Averts Tragedy Among Children

CHICAGO 678 — A child chewed at the paint on his crib or pulled a peeling strip of paint from a shabby wall and puffed it in his mouth.

If the paint had a lead base, that child can be a victim of lead poisoning, which, if not quickly detected, can kill or cause permanent brain damage.

Six children died and 17 suffered permanent brain damage in 1965 in cases reported at Cook County hospital alone.

In 1966, the figure fell to three deaths and three brain damage cases, thanks to the opening in May of a poison detection center at Cook County's Hektoen Institute for Medical Research.

Dosages of types of poisons were detected by toxicologists using an atomic absorption spectrophotometer. The measuring device can spot the faintest traces of cer-

tain metallic poisons, undetectable in other tests.

The most dramatic results were shown in lead poisoning cases, with more than 5,000 tests for lead poisoning run.

More than 600 cases of lead poisoning were discovered — and treated — in children tested last summer.

Alvin Dubin, director of the toxicology department at Hektoen and the hospital, said lead was first among metal poisonings, with iron second and copper third. Aspirin leads drug poisonings, followed by barbiturates and alcohol.

"Some people simply forget how much medication they have taken," Dubin said, while others take drugs with suicidal intentions.

Adults as well as children drink such substances as floor wax and kerosene, and one young man ate quantities of an asthma medication after being told it was LSD.

The spectrophotometer detected them all, and the poisons were treated and survived, Dubin said. "The solution to poisoning still

is prevention, but when poisoning does occur, the first thing to do is to call the physician—and the nearest hospital," Dubin said.

"Many people do much damage by trying to give their own emergency treatment. People should understand that medical attention is needed immediately."

## Household Hints

**United Press International**  
Match paint types when you mix. Don't try to tint a latex paint with colors in oil. The colors designed for latex instead. Ask your local dealer for advice on mixing and matching.

Using a bleach in hand laundry? The liquid chlorine bleach should be added to the water and thoroughly mixed before the laundry is added. Use 1/4 cup of bleach for 2 gallons of water.

Milk or cream stains should be sponged with clear, cold water, then washed with soap and water.

## A Mini-Splendored Thing For Youth On The Rise

By JOAN O'SULLIVAN

EVERY Revolution has its musical signature—America's Yankee Doodle, France's Marseillaise—but the rocking rebellion that's been rocking England for more than a year is in tune to a bouclier beat.

**Mod Music.**  
It's a bombardment of Beatles and a rondo of Rolling Stones. It's utter madness and music to buy mini-skirts by for England's rebels are young designers. They've made headlines with hemlines and fortunes with fashions that go-go and go because they're such fun.

The scanty skirt saga has been a style story since Mary Quant raised hemlines—and eyebrows. But there's far more to it than mere fashion news.

When an award winning young American director, Bill Kyriakis, made the Carnaby Street scene, his cameras captured a new angle. The result is a documentary film for RKO General Productions that will delight and entertain viewers when Channel presents it as an ABC-TV network special on February 28th.

It's "The Mini-Skirt Rebellion." Of course it's about fashion but, more than that, says Bill, it's about a swinging young English generation who forgot about being angry and discovered how easy it is to make money.

The secret? Just be yourself and enjoy! enjoy!

**Mother of 'Em All**  
This is how Mary Quant, Queen Mother of Mod, made it big. She designed the kind of clothes she wanted to wear and, surprise, discovered everyone else did, too.

"It's a revolution in retail-

ing," said Bill. "You have to see it to believe it. These kids start out with little money, no inhibitions and a flair for the what's-new fashion."

Successful "Joke"  
There is, for example, Maurice Geoffrey, one of the many engaging young "stars" of Bill's story, who opened "The Shop" as "a sort of joke." He designed a few minis, had an "outworker" stitch them up, then was astounded by the almost instant sellout.

As he put it, "We had to get cracking." More, more, even more dresses were made. That's how they went and that's how they're going all along Carnaby Street.

"This," reports Bill, "is how they all begin—with no capital, with one little 'outworker', then two, then three, then maybe with the right break, a manufacturer. They're all just a beat away from success or fed they are."

**A New Sound**  
"The shops not only have a new look but a new sound," he said.

It's a bouncing beat that his sound track captures. It's kookie and catchy music that even gets middle-aged mothers in a mind mood.

"Records blast off with an upbeat," he said, "that seems to send shoppers into a frantic buying fever. Full racks are emptied in no time at all. Supply can hardly keep up with demand."

**It's Right Now**  
Whether or not the mini-skirt is here to stay for a bit or not is a question—and nobody seems to have the answer to it. But, whatever, it's an "it" style with the teens and twenties of the Right Now Generation that has made bou-

BILL KYRIAKIS, director of "The Mini-Skirt Rebellion" focuses on Maria, a Paraphernalia mod-model and salesgirl.

tiques big business in London and, now, along Main Street, U.S.A.

Paraphernalia, a house that produces thigh-high fashions for American swingers, is opening boutiques from East to West coast. Its Madison Avenue mod center is, says handsome bachelor David Yarnell, executive producer of Bill's film, "like some wonderful kind of candy store". Everything looks good—the models, the mod clothes, the color, the mod combinations, the op and pop patterns.

Whatever the future, one thing is for sure. The British

designer who wouldn't dream of making you look less than dowdy is done for. The young clothes that count in Morris Old England, and elsewhere, are singy, kicky, knacky, flippy and fun.

It's Entertaining  
Queen Victoria might take a dim, grim view of "The Mini-Skirt Rebellion"—and in one priceless shot in the film her tight-lipped statue does—but TV-viewers will love the show. It's a human comedy of youth on the rise that proves a documentary needn't be dull because people are more fun than anybody.

BOUTIQUE BUSINESS is booming on Carnaby Street with new-look shops crowded with kids who love kicky clothes.

HERE'S WHAT "The Mini-Skirt Rebellion" hath wrought—a show of legs, some super-shapely, but some of them not!

## Wife's Solution — Really Surrender

By Abigail Van Buren

DEAR ABBY: Last year my she was "too old" to believe in sister's husband was killed in a Santa Claus?

THE WIFE  
DEAR WIFE: I would say that marriage is all Scrooged up.

DEAR ABBY: Your advice to the wife of the junk collector that she call the Salvation Army to haul his stuff away proves that you have never lived with a pack-rat. And she wouldn't live long with one either if she followed your advice. He'd murder her!

A pack-rat without the security of his pack is like an addict deprived of his fix. He collects from a psychopathic fear of being without, which stems from a very poor childhood.

A wife must learn to accept this peculiarity in her pack-rat husband, and love him in spite of it. But she should set certain limits and say, "Store your stuff in the basement, or garage. If you need more room, build yourself a shed, but NONE of that junk goes into the other part of the house." Sign this—

FIFTY YEARS WITH A PACK-RAT  
CONFIDENTIAL TO "SEEING A LAWYER" IN S. F.: You are paying for legal advice. Take it, and don't be a fool. You can sheer a sheep many times, but you can take his hide only once.

How has the world been treating you? Unload your problems on Dear Abby, Box 69700, Los Angeles, Cal. 90069. For a personal, unpublished reply, inclose a self-addressed, stamped envelope.

DEAR ABBY: What do you think of a man who would give his secretary \$100 for Christmas and then tell his wife that she shouldn't expect anything because

ROPE'S END  
DEAR ROPE'S END: This burden is too great for you to carry alone. Confide in your clergyman and ask for his advice. Of one thing I am certain, you can do anything you set your mind to, including living without your husband, if you must, and forgiving him and your sister, if you must. The "solution" you mention is no solution. It's surrender.

## Veterans Questions & Answers

Q — My friend gets maximum disability payments from the VA because of war injuries. He works for the state at a good salary and sells insurance at night. A fellow employ-

ee has challenged his entitlement to disability payments. Is he justified in accepting them?

A. — He most certainly is. Your friend apparently is receiving compensation for a service-connected disability. Outside income has no bearing whatever on compensation. The fellow employee must have confused compensation and pension—the latter being for total disability but not service connected. Pension entitlement is based on outside income.

Q — My husband receives a disability check for wounds received in wartime. We have had several children since he was disabled, yet our compensation does not increase. Should it?

A. — Only if your husband is more than 50 percent disabled and sub-

mitted proof of additional children to the VA.

Q — I am receiving pension under the new pension law with the addition benefit for aid and attendance. My wife takes care of me while I am at home. Next week I am scheduled to enter the Veterans Administration Hospital for extensive surgery. Will my pension benefit be suspended?

A. — No. You will continue to receive your basic pension while hospitalized. After one full calendar month that portion of your pension benefit (\$100) paid because of a need for aid and attendance will be replaced by the "housebound" benefit of \$35 monthly. Upon discharge from the hospital, the full benefit will be restored.

"TRINJETS" FROM HANOI—Russell Johnson, a member of the American Friends Service Committee newly back in Philadelphia from a trip to North Vietnam, holds two types of anti-personnel bombs which he said were given to him in Hanoi. He said the North Vietnam government claims U.S. planes are dropping them in residential areas. They are filled with shot and explode on contact.

another way versatile low-cost  
concrete increases farm profits

Concrete-paved lots help increase dairy profits. Sanitation and concrete go together. A paved lot reduces mastitis and foot rot. And because cattle stay cleaner, less time is needed to prepare animals for milking. Ready-mixed concrete can serve your farm construction needs easily and economically. Contact us for complete information on paving your barnyard with concrete.

three or two and one-half pencil is recommended for him since the lead is harder and will not smudge so easily.

About 40 materials are used in making a pencil including wood, graphite, clay, wax, paint, glue, gold foil, brass and oil.

What we take for granted is actually a product which goes through a number of complicated processes using very close tolerances.

Pencils are used by astronauts in space because ink needs gravity to flow and pens or ball points do not work. Change in altitude also causes the ink to spew out like a geyser sometimes.

Elbert Hubbard wrote "The lead pencil is a little like the guinea pig, for the guinea pig isn't a pig and it isn't from Guinea." The lead is not lead but graphite.

Eraser-tipped pencils were virtually unknown in Europe before World War II. Our GI's introduced them.

As a final word on pencils it is not the rubber which erases errors, but the pumice in the rubber eraser that does the work.

Stokely Carmichael told 7,000 people at the University of California last Friday, "To hell with America."

By what stretch of the imagination does this fanatic believe that this will aid the cause of the Negroes.

We venture to say that Stokely Carmichael is doing more to hold back the progress in race relations than any single person. With this attitude, we believe that 95 per cent of the Negroes would agree that if Carmichael hates America as much as he apparently does, then he should move out.

Lakers End Season  
Tuesday Night As  
They Host Heath

The Calloway County Lakers will be ending their season Tuesday night as they play host to the Heath Pilots in the Jeffrey gymnasium.

The Lakers have previously defeated Heath this year. The Pilots will be trying to avenge their previous loss and for another win after their impressive victory over North Marshall Saturday night 84-67.

Seniors Henry Armstrong, Clayton Hargrove, Ralph Stiger, Ken Miller, and Larry Wilson will be playing their last regular season game for the Lakers.

Senior cheerleaders Lea Anne Lampe, Phyllis Cunningham, and Brenda Jones will also be performing for their last time on the Laker floor.

The basketball squad will also crown the 1967 Basketball Queen, and recognize her court. Last year's queen, Miss Carolyn Page Fulton, 18 year old daughter of Mr. and Mrs. Clayton Fulton, will crown this year's queen.

Attendees from each class are Miss Charlotte Young, 17 year old daughter of Mr. and Mrs. Melvin Young of Kirksey, senior; Miss Mary Jane Rhoades, 16 year old daughter of Mr. and Mrs. Ray Rhoades of Murray Route One, junior; Miss Cathy Johnston, 18 year old daughter of Mr. and Mrs. Joe Johnston of Murray, sophomore; Miss Joan Broach, 18 year old daughter of Mr. and Mrs. Kenton Broach of Coldwater, freshman.

The B team game will begin at seven p.m. and the visiting game will start immediately thereafter. Admission is 30 cents for students who present their ID cards and 60 cents for adults.

All Laker fans are urged to come out Tuesday night to see the coronation ceremony, pay tribute to the seniors, and most of all to back the Lakers as they will be playing their best for a win.

Father Of Atomic  
Bomb Dies Saturday

PRINCETON, N.J. 679 — J. Robert Oppenheimer, illuminated as a scientific genius in the flash of the first atomic bomb explosion, will be buried privately after funeral services attended only by those closest to him.

His widow, Katherine, Sunday declined to give details of the services for Oppenheimer, 62, who died Saturday night of throat cancer at his home on the grounds of the Institute for Advanced Study at Princeton University.

A memorial service for the soft-spoken silver-haired genius who was called "the father of the atomic bomb" will be held at 3 p.m. Saturday in Alexander Hall at Princeton University.

Oppenheimer, who sometimes seemed haunted by the thought of what he had created, later called the work "a sin". But in 1961, in reference to the

were killed in a series of fights which began Sunday and continued through today.

UPI correspondent Dan Southard who was with the Marines said about 90 other North Vietnamese soldiers were surrounded on all four sides by the Leathernecks and had little hope for escape.

The coastal campaign, spokesmen said, has raised the Communist death toll for the past week to more than 2,000 — one of the worst sustained by the enemy since the fierce battle of Ia Drang Valley in November 1965.

Limited Air Strikes  
Moonsoon rains limited the air war against North Vietnam Sunday, spokesmen said. Officials said 71 missions were flown, striking targets in the Red River Valley northeast of Hanoi and in the coastal panhandle region through which Communist ship supplies to the south.

Spokesmen said American jet pilots sighted two Communist MIGs while flying toward the industrial region about 30 miles west of Hanoi. But the MIG pilots turned back to avoid contact, spokesmen said.

In Deckhouse VI, a U.S. Marine sweep inland from the shore atomic bombings of Hiroshima and Nagasaki, which violently ended World War II, he said: "I carry no weight on my conscience."

Oppenheimer was a controversial figure. In April, 1964, President Dwight Eisenhower ordered "a black wall" be placed between Oppenheimer and secret data. His troubles centered around his association with Communists and suspected Communists as well as story of attempted atomic espionage that Oppenheimer told Army counter-intelligence officers in 1943 and later repudiated as having been "a cock-and-bull story."

Oppenheimer never sought a review of his security status, but President Johnson presented him the Atomic Energy Commission's 1963 Enrico Fermi award for the peaceful use of atomic energy.

a total of 80 Communists have been reported killed since last Thursday. Another Leatherneck campaign, Operation De Soto, has resulted in a reported 130 Communist dead since Jan. 26.

Homecoming is great...

and Blue Cross-Blue Shield help to make it that way.

Blue Cross and Blue Shield often make the difference between a harried homecoming and a happy one. Kentucky's largest health care plans help make these homecomings happier because: The family has one less worry because they have budgeted in advance for hospital and surgical-medical care. Less Red Tape — (Direct payment to hospital and doctor normally mean no claims to file.) Low overhead and operating expenses mean more benefits for members. (Many services are paid in full regardless of cost.)
